

HOUSE WARMING

Women's Union Gave Reception in the New Dusenbury Home

One of the most successful receptions ever given by the Women's Union of the Presbyterian Church was that given at the home of Dr and Mrs CT Dusenbury Friday evening.

The Dusenbury residence was recently completed and the reception was given as a house-warming for the beautiful home.

The rooms were thronged with guests and the entertainers were taxed to greet and entertain the guests.

Mrs. Dusenbury was assisted by Mesdames Hunter, Allebach, Russell, Cope, Wightman, Ring Cairns, Gabriel, Hawes, Lewis, Westbay, Wallace and Johnston.

The High School Orchestra discoursed sweet music through out the evening and a program of readings and songs further added to the enjoyment.

In a portrait guessing game Miss Philbrook and Chas. P. Beebe had the greatest number of correct answers.

Light refreshments were served in the dining room.

FOLK FOR PRESIDENT

William Marion Reedy, of the St. Louis Mirror, says:

"Folk for President is the Democracy's hope, as Folk, after Bryan, is the Democracy's best asset. He stand well over the country except in Missouri. Why the exception? Solely because it is in Missouri that he has stepped on the corns of law-breakers, interfered with the ambitions of politicians.

"Many Democrats have hopes of Harmon of Ohio, but Harmon won't do. He kicked over the traces in 1896 and the untimely regulars of the country will not support him. Why nominate a man who can't possibly win?

"There are Democrats who think of David R. Francis of Missouri for President. But Francis is a candidate for United States Senator. He can't be a candidate for both places.

"Gaynor has not been Governor of New York yet, until he has been, he can't be considered a Presidential possibility.

"There is no one else for the Democrats that even the keen vision of Colonel Watterson, of the Louisville Courier-Journal, can discover. If there is, will some one please present the man?

"There is not another possibility in the Democratic ranks who can consistently succeed to Bryan in leadership, and they are fools who think that the time has come for repudiation of Bryanism."

FRISCO TO ABSORB SEVEN OTHER LINES

New York, March 11.—Arrangements have been completed by the St. Louis and San Francisco Railroad company for the retirement of \$7,500,000 of 5 per cent notes, maturing January 1, 1911. They will be redeemed July 1, 1910, to enable the company to consolidate the underlying properties.

These include the Colorado Southern, New Orleans and Pacific railroad, the Beaumont, Sour Lake and Western railway, and the Orange and Northwestern railroad and the Brownsville railroad recently acquired, all of which will be merged into the New Orleans, Texas and Mexico division.

POUND PARTY

The members of the Christian Church gave Rev. and Mrs. R. H. Love a surprise pound party at their home on North Central Avenue Friday evening.

A large crowd was present and a liberal donation of household supplies was given to the pastor and his wife.

After a pleasant social evening light refreshments were served and pastor and people parted in mutual good will and regard.

CHEER UP

There's a tariff on sugar,
A tariff on ice,
A tariff on iron,
A tariff on rice,
A tariff on lemons,
A tariff on tea,
But praise be to Allah,
Salvation's still free!

There's a tariff on razors,
A tariff on soap,
A tariff on leather,
A tariff on rope,
A tariff on coral,
That comes from the sea,
But, whoop, hallelujah!
Salvation's still free!

There's a tariff on baskets,
A tariff on nails,
A tariff on washtubs,
On tin cups and pails,
A tariff on diamonds—
Note schedule C—
But shout loud, ye mourner's!
Salvation's still free!

There's a tariff on pork chops,
A tariff on bread,
A tariff on herrings—
Both live ones and dead;
A tariff on cotton—
See page 83—
But let in the sunshine!
Salvation's still free!

Verona News.

From The Advocate
J. W. Halterman, of Monett, was in Verona Monday.

Homer Morris and wife of Monett, spent Saturday with friends here.

Mrs. Homer Morris returned to Monett Wednesday.

Sam Beaty of Monett came up Tuesday and bought two beef cattle from J. H. Scriba & Co.

Miss Hattie Fare stopped over Sunday with her brother Homer at this place, on her way from Springfield to Purdy, where she is opening a millinery establishment.

Last Sunday Mr. Lawson of Aurora drove down in his automobile. While here he invited some of our citizens to take a spin with him, all of whom accepted. While driving the Marbut hill, a steep incline west of town, the engine of the machine got out of order and the machine started in a backward motion down the hill, left the road and crawled through a barbed wire fence with its occupants aboard. Fortunately no one was hurt and the driver, again gaining control of his machine, the party wrapped themselves in available lap robes and proceeded on their drive. Henry, Sol and Homer have been consulting the clothing catalogues this week, while a large portion of John T's trousers are still hanging to the top wire of the fence, to mark the spot of the disaster. A noise like honk, honk, is very obnoxious to the boys.

MRS. W. K. MARTIN SURPRISED

The past worthy matrons of the Monett Chapter Eastern Star made Mrs. W. K. Martin a pleasant visit on Friday afternoon. Mrs. Martin will leave next month for her new home at Carthage and the ladies planned a farewell visit in her honor.

The afternoon was fully enjoyed by all present. Mrs. Martin was presented with a hand painted plate as a token of the regard for her of the past worthy matrons. Ice cream and cake were served by the visitors.

Those attending were Mesdames Clark Kellogg, Geo. Feist, Laura Leckie, J. H. Harris, Flora Kahn, S. A. Chapell, Misses Nellie Mills and Bertha Jeffries.

TAFFY PULL

Miss Myrtle Leitwein entertained Newman's employees at a taffy pull on Thursday evening. Those enjoying Miss Myrtle's hospitality were Mr. and Mrs. Jas. Gulick, Mr. and Mrs. Homer Pratt, Mrs. Andy Hawkins, Mr. and Mrs. Ernest Johnson, Mrs. A. B. Downs, John Boehm, Ed Johnson, Oliver Gulick, Misses Carrie Ball, Ola Mahoney, Estella Brown and Bereniece Downs.

FORTY-FIVE AGRICULTURAL SCHOLARSHIPS FOR THE UNIVERSITY OF MISSOURI

The practical instruction in Agriculture which is now being offered by the University has attracted the attention of the entire state. More recently the railroads of Missouri have come to believe that every man who receives instruction in Agriculture at Columbia and settles along their line is an economic asset. After careful investigation of the work of the Agricultural Department of the University of Missouri, the Frisco Railroad has decided to offer forty-five scholarships, each valued at \$100.00.

One scholarship will be awarded in each county through which the Frisco Railroad passes in Missouri.

This sum of money will pay the entire expenses of a student for the four months winter course in Agriculture, beginning November 1, 1910.

The scholarship will be given to the young man over sixteen years of age who grows and exhibits the best ten ears of corn in each county. This corn will be grown under the direction of the College of Agriculture and finally judged by an expert judge at a county corn show to be held in the fall.

HIDDEN DANGERS

Nature Gives Timely Warnings That No Monett Citizen Can Afford To Ignore

DANGER SIGNAL NO. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clean, amber fluid. Sick kidneys send out a thin, pale and foamy, or a thick, red, ill-smelling urine, full of sediment and irregular of passage.

DANGER SIGNAL NO. 2 comes from the back. Back pains, dull and heavy, or sharp and acute, tell you of sick kidneys and warn you of the approach of dropsy, diabetes and Bright's disease. Doan's Kidney Pills cure sick kidneys and cure them permanently. Here's Monett proof:

S. H. Lauderdale, W. Wishart St., Monett, Mo., says: "About a year and a half ago I began to suffer from a lame back and other difficulties arising from disordered kidneys. At night I had to get up several times to pass the kidney secretions and I also noticed a sediment in them. Doan's Kidney Pills, procured at Knapp's Drug Store, removed these troubles and restored me to good health. Another member of the family has also taken this remedy with decided benefit."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's and take no other.

Miss Sybil Bennett is sick this week.

Mrs. O. Barker returned Monday from a visit in Webb City.

Mrs. W. C. Haddock is ill this week.

Miss Geneva Parsons visited in Cassville Saturday.

FOLK'S MANAGER IS IN MINNESOTA

Northern State Is First to Be Visited for Missourian

Minneapolis, Minn., March 10.—Missouri Democrats want Minnesota to join them in supporting Joseph W. Folk for president, Lon Sanders of St. Louis, advance agent for the Folk boomers, arrived in St. Paul today, and will spend two days in the Twin Cities interviewing Democratic leaders, and learning what the sentiment is for Folk.

According to Mr. Sanders, Minnesota is the first state to be visited and prospected for the Missouri candidate. He is not in politics and has never held office, but is president of the Sanders Engraving company of St. Louis, and was one of the original backers of the former governor in his political career.

"Missouri is back of Folk for president without any question," said Mr. Sanders. "No formal announcement has been made and Mr. Folk himself has not taken much interest in the movement, but his friends believe him the logical candidate to bring success to the Democratic party. In record and character he stands for the progressive element in our politics and would receive the support of that element regardless of party."

The question of politics is almost ignored in the city election contest.

A lady in town has solved the problem of short skirts for her six-foot husband. She lengthens out the bottom of the skirt with a yard or two of wide lace.

The lady whose neighbor's dogs chewed up a dozen of her choicest collars would undoubtedly favor an ordinance prohibiting canines from running at large.

It is now asserted that Gov. Hadley will be a candidate for the United States Senate to succeed Senator Warner, whose time will expire March 3, next year. Herbert may be a candidate, but that will be all.—Bates County Democrat.

All of the candidates on both city tickets are shouting for municipal lights, good streets and crossings and general progress on all lines of good government. Some of the candidates have already shown by their acts what they will do while the others ask to be given a chance to show what they can do.

For Diseases of the Skin

Nearly all diseases of the skin such as eczema, tetter, salt rheum and barbers' itch, are characterized by an intense itching and smarting, which often makes life a burden and disturbs sleep and rest. Quick relief may be had by applying Chamberlain's Salve. It always itches and smarting almost instantly. Many cases have been cured by its use. For sale by all druggists.

L. T. Temple's little daughter Pauline is quite sick this week.

Ozark-Bell Telephone Company

No business house or private residence complete without one of our phones

Bran-New, All Cable Telephone System

General Offices. First National Bank Building, Monett, Mo

MONUMENTAL TALKS.

The agent for non-resident firms tells you what bargains he is furnishing in monuments; how in some way he is saving a deal of freight selling work a wholesale, owning large manufacturing plants, and possibly owns a quarry or two.

But possibly he forgets to tell you what commission or salary he is getting for selling work, what his traveling expenses are per month; also that he would be of no use to the firm he works for unless he made them a profit in addition to these extra expenses; that in any saving of freight or some other expense it is the local dealer who has the advantage; that the best satisfaction and best terms in buying monuments are obtained from buying direct from some reliable dealer and not through agents; that the best work is not obtained from the "cheap John" talker, and cheap work is dear at any price.

We do not employ agents. Cramer's monuments are dependable in every way. Give us a chance to show you what he can do, then if for any reason you do not think to your best interests to patronize the home dealer we will be glad to give you the names of other reliable dealers. It is not necessary to buy through agents and pay the extra salary or commission.

MAY BECOME CANDIDATE FOR CONGRESS

Hon. J. B. Tillman, of Eagle Crest, near Bower Mills, was in the city today. He is a prospective candidate for Congress from this district and is out for a short time feeling the popular pulse. He is one of the stalwart Democrats of Lawrence county and is the proprietor of one of the finest 2000-acre stock farms in the Southwest. His farm lies in both Lawrence and Jasper counties. He seems at this time to be the logical candidate for the position as he has not been mixed up in and of the factional fights of the district.

Cassville News.

From The Republican.

H. A. Surrent of Ash township, came up Monday and said he would have one-third of a crop of seedling peaches.

Pat O'Dwyer and R. E. Brown of Pioneer, were here Monday. Pat said 25 per cent of his Elberta peaches were killed.

Nute McFarland living southeast of town, said the other day that his Elberta peaches would produce a good crop, if no other damage was done.

John Craig of Mineral spring township was arrested last week in McDonald township, for killing a squirrel out of season. Deputy Game Warden Hilker, found the squirrel in his buggy. John plead guilty before Squire Hemphill of McDonald township, and was fined \$5.00, which he paid.

An Ideal Cough Medicine

"As an ideal cough medicine I regard Chamberlain's Cough Remedy in a class by itself," says Dr. R. A. Wiltshire, of Gwynneville, Ind. "I take great pleasure in testifying to the results of Chamberlain's Cough Medicine. In fact, I know of no other preparation that meets so fully the expectations of the most exacting in cases of croup and coughs of children. As it contains no opium, chloroform or morphine it certainly makes a most safe, pleasant and efficacious remedy for the ills it is intended." For sale by all druggists.

FIELD MEET AT AURORA

The Athletic Association which consists of the high schools of Marionville, Mt. Vernon, Aurora Monett, Peirce City and Neosho met at Aurora Saturday and decided to hold the field meet in Aurora May 7th.

Mr. Callaway principal of the Monett High School was elected President for the ensuing year.

One of the most interesting features of the meeting was an address by a student delegate on "Clean Sports."

A Pleasant Physic

When you want a pleasant physic give Chamberlain's Stomach and Liver Tablets a trial. They are mild and gentle in their action and always produce a pleasant cathartic effect. Call at any drug store for a free sample.

CHURCH SOCIETY

The Social and Improvement Society of the M. E. Church South met at the home of Mr. and Mrs. Perry Short, Monday evening, about thirty members being present.

The business session was presided over by the president, Mrs. Farrow.

After the business was disposed of, the evening was spent in sociability and a lunch was served.

This is a newly organized society and consists of about fifty members.

A REMINDER

John Mitchell, at the Civic Federation's recent convention in Washington, said, apropos of manual labor:

"The man who boasts that he works with his head instead of his hands might be reminded that the woodpecker does the same, and is the biggest bore in the business."

NEW VARIETIES OF GAME IN MISSOURI

State Game Warden Tolerton is Stocking Forests and Fields With New Species of Birds

H. R. Melton, deputy game warden for this congressional district, received a shipment of English and Chinese pheasants from Denver, Col., yesterday and is distributing them among the persons who have made application to Jesse Tolerton, state game warden. This is the second shipment of game that has been received in Southwest Missouri, from Mr. Tolerton, who is undertaking to stock the entire state with as many different kinds of game as he can.

One pair of pheasants is given each person that makes application before all had been disposed of. The last shipment which arrived yesterday, contained 100 pair of pheasants.

Deputy Melton said yesterday that the birds are being sent to all parts of the state and that the only thing needed to get them is to make application to Mr. Tolerton at Jefferson City, and to agree to take proper care of them so that the state may soon become stocked with pheasants. He said that it is impossible to get enough birds to meet the demand of all who make application for them, but that a large number of eggs would be sent down and those who could not get the birds can take the eggs and set them under a hen for hatching.

Mr. Tolerton has undertaken quite a task in supplying the state with game of different kinds, but so far has been successful in securing quite a lot. It is now his intention to ask the legislature to make an appropriation from the receipts from the hunters' license fund to enable him to stock a farm in the state for the purpose of raising all kinds of game fowls to supply the farmers of the state.

He is also going to try and stock all the streams of the state with a number of different kinds of fish, so that Missouri will be a paradise for sportsmen as well as a paradise on a number of other lines.

Stubborn as Mules

Are liver and bowels sometimes seem to balk without cause. Then there's trouble—Loss of Appetite—Indigestion, Nervousness, Despondency, Headache. But such troubles fly before Dr. King's New Life Pills, the world's best Stomach and Liver Remedy. So easy. 25c at A. H. Cox & Co's.

SHE TOOK NOTICE

An inspector one day visited a country school taught by a young lady, and in the course of the lesson said, "Now, children, I wish you to take notice of what I do, and then write an account of it."

Then he stepped to the blackboard and wrote a sentence upon it.

All the children except one wrote in effect that the inspector came into the school and wrote on the blackboard, "I love a good school."

One little girl, however, followed instructions more literally and completed the story by adding:

"And then he went to the platform, sat down, played with his watch chain twirled his mustache, and winked at the lady teacher."—Modern Society.

BONDS PAID

At the last meeting of the board of Education of the Monett schools the remaining bonds of the Central School building were ordered paid. The amount outstanding including interest was \$2,050.00. This closes up the bonded indebtedness of the school district excepting the high school bonds and \$1,000.00 on the south side school building.
